Acknowledgments:

This resource book has been designed to provide current and relevant information regarding Professional Improvement activities and programs available to NTA members in good standing.

It reflects the current policies, interpretations and procedures of the NPIC (Nunavut Professional Improvement Committee) and would not have been possible to create without the assistance of its members over many years:

2009-10

Letter of Welcome

Dear Nunavut Educators,

Welcome back for another exciting and rewarding year in Nunavut education. The PI Resource Book has been evolving for the continuous support of teachers and ultimately the students under our responsibility.

We are most fortunate to have the PI programs and opportunities that we do; it continues to be one of the BEST in the country. Under such generous programs, even more initiatives are taking place for 2010/11 including the Kitikmeot Regional Conference.

Please take the time this year to reflect upon your professional practice and make constructive choices towards your professional improvement. It is encouraging to note that the majority of Nunavut Educators have been designing their professional improvement activities around both their personal career goals and the goals of their school and the Nunavut Department of Education.

We look forward this year to once again receive the activity reports outlining the many interesting and varied professional growth opportunities that Nunavut educators involve themselves with.

As each individual educator grows professionally, our system will become stronger.

The NTA motto is “Making a difference”; the NTA and the GN Department of Education will continue to work in partnership with you towards making education in Nunavut the best that it can possibly be.

Have a great year,

Robin Langill
NTA President

Peter Geikie
